RALEIGH, NORTH CAROLINA

CAPITAL CITY

HISTORICAL RALEIGH

Population, Census of 1920.....	24,418
Estimated July 1, 1923.....	29,171

Raleigh was founded in 1792 and named in honor of Sir Walter Raleigh, the English explorer. It is most peculiarly close to the people of the State, having been bought for the people, by the people, and planned to be the Capital of North Carolina.

Raleigh is in the eastern central part of the State. The country surrounding is rolling, with a remarkable variety of timber, and its vegetation is a blending of that of the coastal plain and the highest Piedmont region, for it is on the boundary line between the long leaf pine and the hard woods which mark the Piedmont section. Its altitude is 363 feet above sea level. It enjoys a year-round average temperature of 60 degrees, with average sunshine of 62 per cent. It is noted for its remarkably salubrious climate, pure water and splendid sanitation.

The population is 29,171—65 per cent white, 35 per cent colored, and less than seven-tenths of one per cent foreign-born.

RALEIGH AS THE CAPITAL CITY

At no capital in the country are there more buildings or institutions connected with the State government than in Raleigh. These include the Capitol, which was built in 1840 of granite from a quarry that was owned by the State; the Administration Building, Hall of History, State Museum, State Library and Supreme Court, State Agricultural Building, State Departments Building, State Office Building, State Highway Building, Governor's Mansion, State Prison, State Hospital for the Insane, State School for the White Blind, State School for the Colored Deaf Mutes, State Laboratory of Hygiene, State Confederate Soldiers' Home, North Carolina State College of Agriculture and Engineering, State Poultry Farm, State Experimental Farm, and State Fair Grounds. These buildings include every department of the State.

There are five public parks and playgrounds. The Capitol Square is situated in the center of Raleigh, four streets running north, south, east and west from it being named for the earlier capitals of the State.

PREFACE—Continued.

There are ninety miles of streets, twenty-five miles of which are paved and all others improved.

There are three public libraries containing over 66,171 volumes; four hospitals, forty-seven churches of all denominations, a Y. M. C. A. costing \$85,000 equipped with gymnasium, swimming pool, library, bowling alleys and many departments of interest to its members, which numbers over 675.

There are two theatres, four movies and an auditorium with seating capacity of 5,000. Three public swimming pools, several swimming clubs and lodges and a country club with an eighteen-hole golf course.

Raleigh has seven hotels, well equipped and modern in every respect, the total number of guests taken care of in 1922 being around 150,000.

Raleigh has a Chamber of Commerce of 800 members.

The building permits for 1922 were \$3,000,000 and for the first three months of 1923 were \$1,128,835.37. One hundred and one new homes have been built since January 1, 1923.

The bank deposits in 1922 were \$7,273,250.48 over 1921.

Raleigh has a full motorized fire department with thirty-three officers and privates, fifty-seven alarm stations and three headquarters. The city ranks first-class as to insurance rates.

The assessed valuation is \$40,000,000. This does not include any State property, the valuation of which is several millions.

RALEIGH AS AN EDUCATIONAL CENTER

Raleigh is an educational center, having twenty-seven schools of various classes from grammar school to university. There are fourteen public schools with an attendance of over 4,567 children. The number of students in other institutions is about 6,879, making a total of over 11,446 students in Raleigh. There are six colleges and one university, two preparatory schools for small boys and girls, and several State and fraternal schools. The proportion of students in the schools of all classes is greater as compared to the whole population than any other city in the South.

North Carolina State College of Agriculture and Engineering was established in 1885. The college confers the B. S. degrees, offering practical and technical education in agriculture, horticulture, animal industry, civil engineering, mechanical engineering, electrical engineering, highway engineering, chemistry, dyeing, agricultural engineering, textile engineering, agricultural economics and business administration. It also offers practical training in many branches of construction work.

Meredith College is the largest Baptist college for women in the State. It offers four general courses, conferring the A. B. and B. S.

PREFACE—Continued.

degrees and giving diplomas in music and art. A graduate from Meredith is accepted in Northern universities.

St. Mary's School for Girls is the largest Episcopal school for girls in the United States. The school offers preparatory work and two years college work, giving diplomas in music, art, home economics, business and expression. It was founded in 1842.

Peace Institute, a junior school for girls, was founded in 1857. The school offers preparatory work and two years college work, giving diplomas in music, art and all other courses.

Shaw University, a Baptist institution of high education for negroes. The degrees of B. A., B. S. and B. T. are conferred.

St. Augustine School, an Episcopal school for negroes, covers an area of 110 acres. Four hundred and eighty-eight students were enrolled in 1921. The Junior college course prepares for entrance into the third year of a standard college or university.

RALEIGH AS AN INDUSTRIAL CENTER

From an industrial standpoint Raleigh has made splendid progress. It has sixty-seven manufacturing plants which turn out cotton goods, yarns, hosiery, underwear, boilers, structural iron works, agricultural implements, vehicles, cotton oil and fertilizers, phosphate, school supplies, books and printing generally, building materials, monuments, street paving materials, washboards, candy and woodenware. Cotton products for last year were valued at \$1,341,454.05.

There are eight banks, eight printing houses and fifty-two newspapers and periodicals are published here. The extent of the printing business exceeds that of any city this size in the South based upon our population.

There is one electric company, The Carolina Power and Light Company, with \$15,000,000 stock operating the street railway and furnishing light and power to all manufacturing plants. This company furnishes electricity to points between Raleigh and Roxboro to the northward, Goldsboro to the eastward, Durham to the westward, and Fayetteville on the southward. It obtains water generated electric power from the Buckhorn Falls on the Cape Fear River, ninety-seven miles distant. It also maintains here an auxiliary or reserve steam power plant. It has available 100,000 horsepower for use.

This company also operates the gas plants in Raleigh and Durham. The gas supply in Raleigh amounts to 800,000 cubic feet daily.

RALEIGH AS A DISTRIBUTING AND WHOLESALE CENTER

Raleigh is located on three trunk line railroads: Southern, Norfolk-Southern and Seaboard. These railroads lead in all directions and afford excellent facilities for the business and shopping public.

PREFACE—Continued.

There are sixty passenger trains daily, and very good freight and passenger service. The platform facilities of the combined railroads will accommodate 110 cars daily and forty-seven package cars are operated from Raleigh each day.

We distribute into every section of the State notions, millinery, candy, ice cream, drugs, brick, groceries, automobile supplies, flour, feed, athletic goods, vegetables, cotton and tobacco products, lumber, office supplies, school supplies and contractors' implements. There are forty-seven large wholesale houses here which ship to all parts of the State. We also distribute road-building and earth-moving machinery.

RALEIGH AS AN AGRICULTURAL CENTER

Raleigh is located in the center of a rich farming country. Lands have doubled, and in some instances trebled in value during the past five years. The country in this vicinity produces a great variety of crops, including corn, cotton, small grain, tobacco, sorghum, peas and all sorts of truck, and in the county of Wake, of which Raleigh is the county seat, the corn-growing record of the United States has been broken by the production of 226 bushels on an acre, and the cotton-growing record by the production of three and one-half bales on an acre.

ROAD FACILITIES

Raleigh is on five highways: the Capital to Capital, Central, Ocean to Ocean, Calhoun, and connects directly with Bankhead. All roads leading to Raleigh are either sand-clay or macadam. It is midway between Washington and Atlanta and on the great highway between Quebec and Miami.

PUBLISHERS' NOTE.

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. The publishers cannot, of course, guarantee the correctness of information furnished them nor the complete absence of mistakes, hence no responsibility for errors can be assumed, but we will welcome the bringing to our attention of any inaccuracies so that correction may be made in the next Directory.

HILL DIRECTORY CO., INC., Publishers.

INDEX TO ADVERTISEMENTS

Reference is especially invited to the following alphabetical list of responsible, enterprising, advertising business men. The more you patronize them the better we can make the Raleigh Directory; your attention is also invited to the names in **DISPLAY BLACK TYPE** throughout the book of those who take pride in sustaining the city directory, and who do not borrow their neighbor's directory.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

Power of Advertising

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

Advertising is the foundation upon which successful businesses are built. You must apply this to your own particular business.

Advertising is the power of an idea multiplied.

RATES UPON APPLICATION

No other service can compare with City Directory service

RALEIGH, N. C.

SCHOOLS AND COLLEGES

SAINT MARY'S SCHOOL

REV. WARREN W. WAY, Rector
Raleigh, North Carolina

Owned by the Episcopal Church of North and
South Carolina

Founded in 1842 by Rev. Aldert Smedes, D. D.

Eighty-second Annual Session September 11, 1923—May 27, 1924

Saint Mary's School offers for girls and young women a high school course of the highest standard, supplemented by two years' advanced work upon completion of which diploma is awarded. Special courses are given in Business, Music, Art, Home Economics and Expression, in which certificates are issued. Two hundred boarding students can be accommodated.

A limited number of day students, residents of Raleigh, are accepted annually, to whom all the advantages offered by Saint Mary's are available. The tuition charge for day pupils in the Academic or Business Departments is one hundred dollars for the session.

At Saint Mary's the discipline is intimate but firm, with home-like influences rather than college freedom. The design is to have parents feel that they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of modern womanhood.

Saint Mary's aims to promote sound physical development, to preserve good health, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship.

Hill's Southern Almanac

1924

Published in December, 1923

Covering Virginia and North Carolina with unrivaled weather predictions for over thirty-two years.

Sold in quantity lots, your advertisement occupying outside back cover, for distribution to your trade—chiefly to the farmer, interesting his whole family.

Do you cater to the country people? No better medium known. Rates gladly furnished.

Hill Directory Co., Inc.

PUBLISHERS

812 Mutual Building,

RICHMOND, VA.

WHY

Do 90 per cent of the advertisers in this city catalogue renew their advertisements year after year?

BECAUSE

They believe in service and wish to make it easier for the BUYER to find them.

ADVERTISING RALEIGH

Do you know that a copy of this Directory of Raleigh is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a representative city catalog of Raleigh. Are you as prominently represented as you should be?

RICHMOND, VA.

Dominate Raleigh

**and the Rich Suburban
Territory by Advertising in**

THE NEWS AND OBSERVER

It is the only medium that enables the local merchant, at one small cost, to thoroughly cover Raleigh, Wake County and the many cities and towns that consider the State Capital their shopping center.

**Ask for advertising rates based on
local and suburban circulation. They
are the lowest per inch per thousand cir-
culation of any daily in North Carolina**
